LOCAL SELF-GOVERNMENT DEPARTMENT

(Local and Municipal)

G.O. No. 2366, L. & M., 24th October 1923

Administration report—Hospet municipality—1922-23—Reviewed.

Order—No. 2366, L. & M., dated 24th October 1923.

I.—Communications.

The Council maintains 2¼ miles of trunk roads and 9½ miles of other roads. Tolls and taxes under this head yielded Rs. 8,300 in excess of the cost of road maintenance. The condition of the roads continued to be unsatisfactory. Steps should be taken to remove the old encroachments on the trunk road.

II.—Education.

2. The Council took over one girls' school, making their number two. It maintains ten boys' schools. Elementary education continues to be backward, the instruction of 65 per cent of the boys and 86 per cent of the girls being still unprovided for. There was a slight improvement in the attendance of boys, while that of girls declined. The junior classes are still overweighted, as many as 76 per cent of the boys and 78 per cent of the girls being in the I and II classes. The question of introducing compulsory education into the municipality is being examined by the Inspector of Local Boards and Municipal Councils.

3. The municipal secondary school continued to be the only institution of its kind in the town; VI form was opened in the year with 17 boys in it and all of them were sent up for the S. S. L. C. Examination. The total strength rose from 165 to 177 and it is noteworthy that 42 of these boys came from the backward classes.

III.—Public Health.

4. Public health during the year under review was very bad, plague and cholera claiming 335 and 53 victims, respectively. The Government have on more than one occasion commented on the failure of the Municipal Council adequately to realize its responsibilities as regards plague preventive measures and have also asked the Collector to use his emergency powers under section 37 of the Act, if necessary. If these warnings do not have the desired effect, the Government will be compelled to consider the question of the competency of the Council to perform the duties imposed on it by law.

5. Birth-rate declined from 35·4 to 33·2 per mille. Infant mortality showed an appalling increase, being 207 per mille of births against 143 in 1921–22 and 107 in 1920–21. The municipality employs only one qualified midwife, and her outturn, though better than that of the previous year, was only 168—a little over one-fourth of the recorded births. The rate of vaccination improved from 25·5 to 32·8 per mille. The outturn of the vaccinator (599 successes), though an improvement on his last year's work, is inadequate.

6. The municipal hospital gave relief to 87 in-patients and 13,807 out-patients (against 80 and 16,969 respectively in the previous year) of whom 74 in-patients and 428 out-patients came from outside the municipality. An operation theatre, financed from provincial grants, was completed during the year.

7. House conservancy arrangements are still very inadequate; only 6 per cent of the total number of houses are served. No improvement can be expected unless the Council, under section 146 of the District Municipalities Act, requires owners of all houses to provide latrines.

IV.—REMUNERATIVE ENTERPRISES.

8. The revenue from markets and slaughter-houses declined. The Remunerative Enterprises account closed with a balance of Rs. 10,200. No action appears to have been taken on the suggestion in paragraph 8 of G.O. No. 1932, L. & M., dated 13th October 1922, that the closing balance might be made available for opening a few cart-stands and developing the municipal market revenue. The matter should receive attention.

V.—FINANCE.

9. Collection work was bad, though there was a slight improvement over the previous year; 21 per cent of the demand under taxes and 7 per cent of that under non-tax items remained to be realized. The Council continued to be solvent and, without detriment to its finances, it might well do something in the direction of improvement of sanitation and prevention of epidemic diseases.

VI.—GENERAL.

10. Though only one election was held, as many as ten candidates competed, and 85 per cent of the voters took part in the poll. Twenty-one municipal meetings were held, of which two were adjourned for want of quorum. Attendance at meetings improved, 71 per cent of the members being present on an average.

11. Four standing committees, ten special committees and one joint committee were constituted during the year.

I fear I cannot endorse the statement in para 9 that encroachmen have been booked with care. But there has been some progress against very streneous opposition from opponents to whom the public welfare as opposed to their personal convenience is a matter of complete indifference.

The Chairman and his supporters have effected decided improvements, but the water supply is still most unsavoury.

Sir,

In your remarks (L.Dis 3735 dated 11-8-23) on the administration report of this Municipality for 1922-23 you say " in prces the Railway feeder xxxx and Kamalapur roads are decidedly bad ". This is opposed to facts. The roads are not metalled and in spite of this they are good. I would like to hear what an Officer with an unprejudiced mind will have to say.

1. Forwarded.

2. I fear I cannot agree that the roads are so good as the report suggests. In places the railway feeder and Kamalapur roads are decidedly bad and the Chittawadigi road is positively dangerous New metalling on the latter has broken up badly.

3. The finances of the municipality seem to me to warrant a much larger expenditure on health and sanitation than is incurred. The lamentable loss of life from plague shows how imperative, if necessary, such expenditure is. It is almost certain that Hospet is an endemic plague centre. Plague breaks out on the same spots whenever there are cases and spreads not only in the town but to surrounding villages.

(Sd) T. KOTHANDARAM NAIDU,
Chairman.

Administration Report for the Year 1922-23. Hospet Municipality.

A. THE REPORT PROPER.

I. Constitution and Management.

1. Jurisdiction.

(i.) There have been no changes in the jurisdiction of the Municipality since its constitution in 1913, for purposes of administration the Municipality is divided into six Wards as follow on the principles contained in G. O. No. 1313.M-dated 5-9-1919 and the arrangement still continue:—

I Ward or Chittwadigi Ward.
II ,, ,, Victoria-Pet Ward.
III ,, ,, Cowlpet Ward.
IV ,, ,, Main Bazaar Ward.
V ,, ,, Devangapet Ward.
and VI ,, ,, Boyakeri Ward.

(ii.) The Ward system has greatly facilitated the work in the Municipality and resulted in the division of labour which adds to the convenience of the administration.

2. Personnel.

(a) The Council.

(i) The sanctioned strength of the Council is sixteen as in the previous year. The proportion of elective seats viz. three-fourths, remained unaltered, that being the minimum prescribed in Section 7 (2) of the Act.

(ii) No Officials were appointed as Councillors and none was Ex-Officio under Section 14 (a).

(iii) The elected Councillors consist of five Brahmins, one Lingayat, two Devangas, two Vysas, one Vellala and one Naidu, while the four nominated come from Muhamadan, Indian-Christian Boya and Adi-Dravida (Begar) communities one from each. Of these the Indian-Christian is one of the minorities, while Bova and Adi-Dravida represent the backward and depressed classes respectively.

(b) Directing Officers.

(i) The Council has an elected Chairman. He is an honorary Non-Official. There was no change in the Chairman-ship during the year under report. M. R. Ry. Dewan Bahadur T. Kothandaram Naidu Garu was the Chairman all the year through.

(ii). Vice-Chairman.

M. R. Ry. A. D. Tondu Mudaliar Avl, was the Vice-Chairman from 1-4-1922 to 30-10-1922. On 15-12-1922 the Council elected M. R. Ry. B. Sreenivasa Row Garu, as the successor of the retiring Vice-Chairman.

(iii) The Council elected the present Chairman on 11-11-1921 and the election was contested, there being two candidates. The Vice-Chairman's election took place on 15-12-1922-and was contested, there being 2 candidates in the field.

(iv) The Municipality has not employed a Secretary. The Manager is the Head Ministerial Officer who attends to the work in the Office and the executive work is being looked after by the Chairman himself.

ENCLOSURE I—A.

3. Elections.

(i) Under the present franchise the electorate is wide enough though the electors are uneducated. They however evidenced fairly considerable interest in the election. Five hundred voters were at the poll on 25-9-1922 the election day which represent 84-87 per-cent of the total number of electors. During the Vice-Chairman's election on 15-12-1922 all but one Councillor were present and took part in the ballot.

(ii) The total cost including that of the preparation of Electoral rolls amounted to Rs. 76-15-9.

(iii) There were no election disputes at all.

ENCLOSURE I—B.

4. Meetings.

(i) The Council's meeting were usually held twice every month. The attendance was fairly good. The average per-centage of Councillors present at each meeting rose from 66-54 to 71. 11. In all 21 meetings were held and two adjourned for want of a quorum.

(ii) The business at each meeting was promptly attended to and all the subjects entered in the agenda were disposed of. No meeting was adjourned for want of time or owing to the prolongation of the sitting.

(iii) The Councils' procedure was regulated as per rules in Schedule III of the Act.

ENCLOSURE I—C.

5. Committees.

The Council appointed four standing Committees viz:

1—Educational Committee,
2 Public Works
3 Health
and 4 Finances

(ii) Eight Ad-Hoc Committees were appointed during the year under report as detailed below:-

One in April 1922
Two in June 1922
One in August 1922
Three in January 1923
One in March 1923

(iii) Two Ward Committees were appointed in September 1922 and December 1922 to check the spread of Small-pox and to look after the health and well-fare of the people,

(iv) One joint Committee was constituted in June 1922 to decides the payment of the share of the toll revenue due to the District Board Bellary by the Municipality and the matter still remains to be settled.

8. Establishment.

The Council has employed a Sub-Overseer on Rs. 40-1-65 (annual) with a monthly conveyance allowance of Rs. 5-0-0. He is serviceable though unqualified He attends to the execution and supervision of Public Works. A Peon on Rs. 10 ½ 15 is allowed to work under him. He is charged also with the duty of looking after avenues

9. Roads, Bridges, Ferries, and Buildings.

(a) Roads.

The Madras-Bombay Trunk Road is treated as a first class road while the communications leading to Kamalapur and Ramandrug are classified as second class roads. The remaining roads come under the category of 'third class roads.' The classification was made after consulting the District Board. The Main Bazaar Street forms part of the Trunk road and is the most important. The Trunk road is the principal through communication. It is 2 Miles and 2 Furlongs in length and lies within Municipal limits. An aggregate sum of Rs. 2016-2-3 was spent on its maintenance as against Rs. 1811-11-2 in the previous year.

(ii) The metal used is picked up from fields in the outskirts of the town. It is good and suitable. The longest and the shortest leads of the Gravel quarries are 1 Mile 5 Furlongs and 1 Mile 2 Furlongs respectively, while the leads of the Metal quarries are 2 Miles 5 Furlongs and 2 Miles 3 Furlongs. There is no need for resorting to the Railway for transit.

(iii) The condition of the Trunk, the Railway feeder, and the Kamalapur roads is good. The Chittwadigi road is rather bad. The traffic on it is heavy. The money allotted for its upkeep was insufficient. It requires to be metalled all through. The other roads are in a fairly good order.

The Main Bazaar Street which is the part of the Trunk road varies in width from 31 to 76 feet. The Trunk road has a meandering course. It runs from East to West of a certain distance. It then turns to the North. It again has taken a turn this time to the West upto a certain point whence it goes in a Southern direction and finally turns to the West.

The trunk road so far as it lies in the Main Bazaar Street was long ago encroached upon and built up and some of the avenue trees included therein are still extant. No encroachments are now allowed. They are strictly guarded against. The Shop-keepers on either side of the Main Bazaar Street are temporarily permitted to occupy the road-margins on the Market day, that is Saturday subject to certain restrictions against obstruction to traffic. Rent is charged for the space allotted and occupied. We cannot think of providing plinths for sales of articles because the road-surface in the centre is too high.

(iv) The gross and net revenue under tolls was Rs. 6545-0-8 and Rs. 5729-4-8 respectively as against Rs. 7278-6-11 and Rs. 5921-14-6 in the previous year. The total expenditure on roads inclusive of that on the trunk road was Rs. 3958-14-5 as against Rs. 4051-5-2 in the previous year. The per-centage being 69-10 and 68-42 respectively Excluding expenditure on the trunk road the outlay on roads bears a per-centage of 33-87 to the net toll revenue. A sum of Rs. 2016-2-3 was advanced from Municipal funds for repairing and maintaining the trunk road and is now debited to Government grant account it being recoverable from provincial funds. An aggregate sum of Rs. 238-8-7 was spent on the second class roads, Rs. 1704-3-7 was spent on the repairs of the Chittawdigi road Hospet Railway feeder road, Boyakeri road and other minor roads. The total cost of maintenance per mile amounted to Rs. 339-14-2 as compared with Rs. 376-0-0 in the previous year. The Council paid to the Bellary District Board out of its toll income a sum of Rs. 815-12 which is one-eighth of the gross income from that source (the lease amount being Rs. ~~1629~~ 6526 —o

This proportion was fixed by the Council in consideration of the benefit derived by the tax-payers from the roads in charge of the District Board. That body is not satisfied with this contribution and wants more. The matter has been referred to a joint Committee and its decision is awaited.

(v) The entire outlay on the roads was Rs. 3958-14-5 or Rs. 341 shorter than the Budget estimate. The per centage of expenditure to Budget estimate was 92-07 as against 103-47 in 1921-22. For want of rain the full allotment could not be spent.

ENCLOSURE II—A

9. Bridges, Causeways, and Culverts.

(i) No separate estimates for any major works under this head were sanctioned by the Council.

(ii) Four Culverts Viz:— Three on the Hospet Railway feeder road and one on the trunk road were widened and improved at a cost of Rs. 150 which is included in the maintenance charges on these roads.

(iii) No expenditure was incurred on the construction of new bridges or causeways.

ENCLOSURE II—B.

9 C. Ferries.

There were no ferries.

9 D. Departmental Buildings.

No work of importance was undertaken this year.

10. Rest Houses, Choultries and Water-Sheds.

(a) Rest Houses.

(i) & (ii) No Rest houses are under Municipal control.

(b) Choultries, Water-Sheds.

(i) The only Choultry which is under Municipal control provides accommodation for all classes of persons. As a rule they are not allowed to stay in the Choultry for more than three days.

(ii) The income from Choultry fees amounted to 95-2-0 while the charges went up to Rs. ~~130-3-0~~ 147-9-3. The corresponding figures for the previous year 1921-22 were Rs. 144-14-0 and 130-0-3 respectively. The balance still pending realization is Rs. 180 which is recoverable from Provincial funds on account of the rent due for the occupation of two rooms by the Civil Veterinary Dispensary during 1922-23. Rs. 24-11-3 was spent on the repairs of the building. There are no endowments. No free-feeding of travellers was undertaken.

ENCLOSURE II—C.

11. Tools, Plant and stores.

(i) Petty repairs and renewals to certain Public Works tools, were done and the expenditure therefor was debited to the respective works.

(ii) A sum of Rs. 157-10-6 (Ordinary Rs 104-14-0 and Capital Rs. 52-12-6) was spent during the year for the purchase of 12 Mumties, 24 Pick-axes, 4 Crow bars, 1 Metalic tape and a Stone roller. No important plant such as Steam rollers, Lorries etc. were purchased during the year.

16

12. Lighting.

132 Lights continued to be lit. The total outlay including the cost of maintaining lights and its supervision and staff amounted to Rs. 1859-1-10. The corresponding figures for the previous year were 128 lights and expenditure Rs. 2042-0-11. The average cost per light works upto Rs. 14-1-4 as against Rs. 16-0-0 in the previous year. The decrease in expenditure is due to the economical management of the department. On an average each Mile in the Municipality was lit by 11 lamps. Municipal burners and chimneys frequently disappear. There were in all nine cases of thefts of these articles and they were duly reported to the Police. None of the offenders were brought to justice. Seven artistic stone lamp posts were got up and planted in conspicuous places. Some of the old posts were dressed to give a decent appearance. All this cost Rs. 100-4-0. A new iron pan for depositing kerosine tins was purchased at a cost of Rs. 22-0-0.

14. Adequacy of Education Facilities:—

The Government have fixed in their G. O. No. 208-Law (Educational) dated 21-2-1922 varied limits of School going age according to communities. As per latest census figures the number of Boys of School age up to 15 years is 2344 while that of Girls up to 10 years is 1225. The number of Boys and Girls whose Education is yet to be provided for is 1938 and 1080 respectively. The percentages being 82·29 & 88·16. The total number of Schools during the year Viz:— 15 for Boys and 2 for Girls remained unaltered. These numbers still continue. The average number of Boys in all the Schools rose from 824 to 829 while that of Girls from 161 to 169.

ii. The total number of Boys and Girls attending Municipal Schools was 305 and 145 respectively. The percentage of the total number of Boys of School age in all Municipal Schools to the total number of such Boys within those limits was ~~75·12~~ 36·9 and the percentage of Girls 85·85.

iii. None of the children from outside attended the Municipal Schools.

ENCLOSURE III A. & B.

15. Strength and Efficiency.

i.—The Hindu Girls' School came under the management of the Council in the year under report. For this reason the number of Municipal Schools rose from 11 to 12. The strength of Municipal Boys Schools was 446. The per-centage of the attendance was 74·9. The strength of the Girls School and the per-centage of its daily attendance was 160 and 71 respectively. The corresponding figures for 1921-22 were 465 and 70·5 for Boys and 30 and 76·6 for Girls. The rise in the strength is due to the taking over of the management of the Hindu Girls School.

There was some improvement in the attendance of Boys in all classes but one in the Elementry Schools as shown below:—

I	Class	61	per-cent	as against	56 7	per-cent	of the previous year.
II	,,	15	,,	,,	21·2	,,	,, ,,

IV	,,	10·00	,,	,,	8 00	,,	,, ,,

The Municipality has under its management a special School for Panchama Children. The existing rules allow their admission into caste public Schools but they are too shy to join them.

ENCLOSURE III C-F.

16. Staff.

Of the 22 Teachers employed by the Municipality 20 are trained the proportion of trained to untrained Teachers being 91·1 per-cent. Two of the trained Teachers were also working in the 2 Municipal Night Schools on a monthly allowance of Rs. 7-8-0 each. All the Municipal Elementary School Teachers enjoy the benefits of the Municipal Provident Fund except one in Hindu Elementary School and four in Hindu Girls School who hold pensionable posts. The payment of pensionary contribution to the four Teachers of the Hindu Girls School still remains to be settled. The trained male Teachers in the Municipality were paid at Rs. 12 plus Rs. 6 or Rs. 18 a mensum while the trained Mistresses received Rs. 13 plus Rs. 6½ or Rs. 19-8-0 a month per head. The scale of pay for untrained Teachers is fixed at Rs. 10 plus 5 or Rs. 15 a month. The Municipality is paying an allowance of 50 per-cent while the Government has been pleased to sanction a subsidy of Rs. 2 per head (Please Vide G. O. No 226-Law—27-2-22). The number of trained Teachers employed speaks for the efficiency of the staff in the Elementary Schools. The number of Pupils per Teacher was 20·45 while the average salary per Teacher per year was 190-9-1.

ENCLOSURE III-G.

17. Accommodation and Equipment.

The Council owned 4 four School buildings and hired six on rent. Nothing was spent on the maintenance of the Councils' buildings while the rent paid for the hired ones amounted to Rs. 232 as against Rs. 254 in the preceeding year. So far as the free play of air and light is concerned the School houses may be said to have been satisfactory. None of them except the Panchama School and the Hindu Girls School commanded the convenience of a play ground. The building for the Devangapet School is nearing completion.

ENCLOSURE III-H.

18. Elementary Education Fund.

i. The entire ordinary outlay on the Elementary Education amounted to Rs. 5532-9-8 as against Rs. 4397-2-7 in the previous year. Rs. 2056-4-11 or 37.15 per-cent of it was met from the Municipal revenue, Rs. 2-4-9 or .03 per-cent was appropriated from the School fee, and the rest Viz.— Rs. 3474 or 62.79 per-cent was charged to Government grants. The Capital closing balance of the Elementary Education Fund was Rs. 52 and this is proposed to be utilized for equipping the Schools.

ii. The cost of Elementary Education per head of Pupil was Rs. 12-3-3 as against Rs 9-9-7 in the previous year. The increase is due to the heavy expenditure incurred on equipment.

iii. The Councils' relations with the District Educational Council were cordial and harmonious. The number of boys and girls of School going age whose Education is yet to be provided for is 1938 and 1080 respectively. To educate them all about 100 Teachers on an average salary of Rs. 20 a head per mensum will be necessary. They would cost Rs. 24000 a year. The contingent charges may come up to Rs. 6000. The annual recurring expenditure will come to Rs. 30000. The Municipality is too poor to meet atleast a decent portion of it. Even 25 per-cent of this sum cannot be realized by the levy of the Education Tax.

ENCLOSURE III-I.

II. SECONDARY EDUCATION.

19 Adequacy and Strength

i. The Municipal High School is the only institution which provides Secondary Education in the Municipality.

ii. During the year under report the highest working class in the School was the VI Form.

iii. The total strength of the Secondary Department rose from 165 to 177.

ENCLOSURE III-J.

20. Efficiency.

The average strength of the School was 187, while the average attendance was 168 or 89.83 per-cent of the average strength.

ii. The strength of the VI Form which was started in the year was 17 or 9.03 of the total strength of the School in the Secondary Department. The strength of the other Forms was as follows:—

V	Form:	25 or 14.37	per-cent.
IV	,,	34 or 19.10	,,
III	,,	33 or 18.64	,,
II	,,	36 or 20.34	,,
and I	,,	32 or 18.07	,,

The strength of the Elementary Department of the School was 79 Boys and one Girl or 18 more than in the previous year.

iii. The number of non-resident Students receiving the benefits of Education in the Secondary School was only three.

iv. There were no Girls in the Secondary Department of the School. As many as 42 Pupils as against 35 in the previous year came from the backward classes.

v. Seventeen Students in the VI Form appeared for the S. S. L. C. Examination. The inspecting authorities have spoken well of the working of the School.

ENCLOSURE III-K.

21. Staff.

Thirteen Teachers were employed in the School including the combined Drill and Drawing Instructor and three assistants for temporary Sections caused by the devision of classes owing to increased strength. The Head Master is a Mathematic's L. T. of 15 ½ years approved service in the Educational line and is paid Rs. 150 per mensum. The Science L. T. is another serviceable hand of 24 years experience and is drawing Rs. 120 a month. The appointment of an History L. T. on Rs. 100 a month is a good addition to the staff. The qualifications of other Teachers are as detailed below:—

Designation.	Pay now drawing.	Total service.	Qualifications.
I. Assistant ..	70—0—0	3 years	B. A. Two parts trained.

TEMPORARY SECTION.

I	Assistant	65-0-0
II.	Do	40-0-0
III.	Do	35-0-0

Besides the above staff the School has a Clerk on Rs. 30-0-0 and two Peons on Rs. 12-0-0 each per mensum. All the Teachers except three who hold pensionable posts Viz:— II Assistant, V Assistant and the Pandit and the three temporary assistants, are allowed the benefits of the Provident fund. The School Clerk is also a subscriber to the Provident fund. The payment of allowances formerly sanctioned in G. O. No. 700-Financial dated 2-8-1920 still continues.

Sanction for the appointment of a Mathematics' L. T. in place of the raw graduate in the temporary establishment, of a Commercial Instructor and of a Canarese Pandit was sougth for and the matter is under correspondence with the Director of Public Instructions.

22. Accommodation and Equipment.

In spite of the addition of the Old Sub Magistrate's Court building to the School, the accommodation is not sufficient. It has to be increased by the putting up of temporary sheds, A sum of Rs 359-14-9 was spent on equipment which may now be considered to be sufficient for all purposes.

ii. The provision for Physical culture was fairly adequate. Besides the usual School-Gymnasium the School commands a Foot-ball, Badminton Hocky, and Cricket teams. A sum of Rs. 324-10-5 was spent for Sports materials, the income from games fees amounted to Rs. 229-8-0. The School has an extensive play ground which is about two furlongs away from it.

iii. No Hostel is attached to the School though one is necessary. Want of funds is in its way.

23. Finances.

The entire expenditure of the School amounted to Rs. 10,939-4-5 as against Rs. 8,404-11-5 in the previous year. Deducting the income from the School fees and other receipts the net cost of the Institution was Rs. 4700-2-11 as against Rs. 3471 6-2, of 1921-22. The Government contribution amounted to Rs. 2340 as against Rs. 1888 in 1921-22. The subsidy for the High School classes was not calculated at 75 % of the salaries of the Teachers actually paid but on certain rates fixed by them. They are as follows:—

Designations.	Salaries actually paid.	Rates on which 75 % is allowed.
Head Master ...	150—0—0	125—0—0
Assistant ...	120—0—0	80—0—0
History L. T. ...	100—0—0	90—0—0
Pandit ...	40—0—0	30—0—0
Clerk ...	30—0—0	20—0—0
Peon ...	12—0—0	12—0—0

The Council hopes that the Government will be pleased to sanction for the current year, subsidies at 75 per-cent of the actual net cost. The net cost per Pupil rose from Rs. 15-4-8 to Rs. 26-9-10 in the year under report.

26. Adequacy.

i. The Municipal Hospital is the only recognized public Medical Institution. There are two non-recognized private Dispensaries, one managed by a L. M. P. and the other by one who has under-gone training in the National Medical College at Calcutta. There are also twelve Native Physicians administering medical aid in the town. Medical relief may be considered to be adequate under the terms of G. O. No. 1216-L. dated 7-6-1921.

ii. The Municipal Hospital was in charge of a First class Sub Assistant Surgeon of Selection grade. The Compounder and the Midwife are experienced persons. The staff including menials is quite adequate for the Hospital purposes.

iii. A separate Institution for Females is a great desideratum. The Council is not now in a position to give attention to it.

ENCLOSURE IV-A.

27 Patients.

Eighty-seven in-patients, and 13807 out-patients, were treated as against eighty and 16969 respectively in the previous year. Of these 74 came from outside the Municipal limits as against 56 in the previous year. 428 Out-patients were outsiders, their number in the previous year being 571. In all the daily average treated, was 38 while the daily average attendance was 94.00 per-cent. The corresponding figures for the last year were 47 and 106·63 per-cent respectively. The average cost per patient was Rs. 0-3-2 as against Rs. 0-3-7 in the previous year. The net cost of the Institution amounted to Rs. 2746-13-0 a against Rs. 3831-7-6 during the year 1921-22. The decrease is due to a fall in the attendance which is fluctuating as the figures of the last five years will show.

ENCLOSURE IV-A.

28. Accommodation and Equipment:—

i. The Hospital building is almost centrally situated and is well equipped.

ii. The Hospital has been adequately equipped and the Subordinate staff employed is quite sufficient The appointment of an Assistant Surgeon has been provided for in the current year's Budget.

iii. His Excellency Lord Pentland and the late, Surgeon-General Lieutenant Colonel Bannerman recorded in the Visitors Book remarks to the effect that an Operation theatre was badly wanted. Government were pleased to sanction for it a grant of Rs. 10,440. The building is now an accomplished fact but for a covered passage connecting it with the Hospital. This shortcoming will be supplied in the current year. The instruments and other articles required for equipment have been ordered.

ii. The total capital expenditure incurred during the year on the construction of the Operation theatre amounted to Rs. 7276-1-0. Including this the total expenditure up to 31-3-1923 was Rs. 7837 and was charged to the grant of Rs. 10,440 stated above. A compound wall enclosing the Hospital and the Operation theatre was built at a cost of Rs. 950-1-9 the amount coming from Municipal Funds.

II. PREVENTIVE MEDICINES.

29. Organization and Staff:—

The Municipality could not employ a special staff to look after Public health. The existing Sanitary staff tried to propagate the ideas of sanitation among the illiterate Sections of the populations. No separate Health and Well-fare organization was in-existence.

30. Birth Rate and Maternity Relief:—

The number of Births registered was 609 as against 649 and 557 during the two preceeding years. The registration was somewhat defective and has since been remedied. The rate of Births per mille of the population was 33·20 as against 35·4 in the previous year. One person was prosecuted for failure to report a Birth.

ii. In addition to the one Municipal Mid-wife, seven un-qualified private Mid-wives were practising their profession in the town. It is under contemplation to employ a second Mid-wife.

iii. The Municipal Mid-wife attended to 168 normal labour cases as against 158 and 121 during the two preceeding years. She attended to 25·88 per-cent of the recorded births.

iv. As per instructions contained in G. O. No. 1133-L. dated 13-6-1916, the Medical Officer in charge of the Municipal Hospital endeavoured to start a weekly Nursery class to train the Dhais but his attempts proved a failure. Even Dr. Mathias Scheme detailed in G. O. No. 345-L. dated 5-3-1917 could not be carried out.

v. There were in all 32 still-births as against 15 and 19 during the two preceeding years. The infantile mortality was rather great. Of the 609 births recorded 206·89 per mille died as against 143·07 in the previous year. Health and Welfare Association, Baby Nursing Home etc:—No propaganda work was done under these heads. The services of Volunteers were not forthcoming. The country still lacks dis-interested public workers.

31. Death rate. Epidemic and Endemic diseases:—

i. The total number of deaths registered was 933. The corresponding figures for preceeding years ~~are~~:— were—

1921–22——500
1920–21——441
1919–20——668
1918–19——973.

ii. On account of the Bubonic plague the death rate in the year increased.

iii. Cholera broke out in June 22, the first indigenous case occured on the 19th of that month. It continued in a sporadic form till about the end of November 1922. There were in all 79 attacks and 52 deaths. There was a single imported case and it proved fatal. The epidemic was arrested by regular hanknization of wells and by other sanitary measures.

iv. No cases of Small-pox occured. One qualified Vaccinator was employed. The total number of successful cases both under primary and secondary was ~~559~~ 599 as against 461 in the previous year. The percentage per mille of the population was 32·7 as against 25·4 in the last year. 40 Persons were re-vaccinated, of these cases only 2 or 5 per-cent proved successful. The supply of lymph was suspended for 4 months owing to hot-weather. 22 Persons were prosecuted for failure to produce their children for vaccination.

v. Plague is responsible for 333 deaths as against 66 in the previous year. The Chief centres of infection were the Cowlpet in III Ward, Kanchagarpet in V Ward and Kabberkeri in VI Ward.

Inoculation was resorted to by the Medical Officer in charge of the Municipal Hospital. The total number of persons who submitted to the operation was 6988 as against 2690 in 1921-22.

(*b*) Rat destruction by trapping is one of the preventive measures adopted against plague. No rat proof godowns of the design referred to in Government Memo 1566-I-L & M. dated 9-10-1919 exist in the Municipality. They are costly things and the Merchants will not readily take to them.

vi. The Hospet Railway Station is situated in the malarial zone. The Railway authorities were addressed on the subject. The irrigation channel which is stated to be the source of the disease is Government property and they have been addressed on the necessity of revetting the sides with stone and keeping it free from vegetation.

vii. No cases of hookworm had come to the notice of the Medical Officer as yet.

viii. *Model By-laws.*

No model By-laws have yet been adopted. That will be done gradually without causing unnecessary suffering to the people.

22. Sanitation:

(*a*) Conservancy

1. Public Conservancy.

There were in all 21 public Latrines of which 16 are of the approved type design and the remaining 5 are stone enclosures. The excreta is being removed on Sanitary carts of the approved pattern under the close supervision of the Municipal staff and is trenched in the Night-soil depot which is about a mile away from the Municipal limits. After thorough disintegration the Night-soil is used as manure. The town sweepings were leased out for Rs. 105 on condition that the dust-bins should be regularly emptied every day. This stuff too is being used as manure. The house sullege is let into sinkpits with filter beds. The sediments accumulated in such pits are also used as manure. For new construction the observance of the provisions of sinkpits of the type design referred to in G. O. No. 53 M. dated 9-1-1906 is invariably insisted on. The Municipality owned 4 Night-soil and 2 Rubbish carts. There were in all 71 dust bins of which 40 consisted of stone slabs fixed in the ground and 31 made of corrugated iron. The conservancy plant is not enough and will be increased in due course. A special conservancy depreciation fund existed to which additions are made year after year. The cost of replacing the conservancy plant will be debited to this Fund. Its closing balance was Rs. 665-8-5. The amount realised from sale of rubbish was Rs. 105. The average income per head of the population was 1¼ pies. The total expenditure for sanitation amounted to Rs 5721-9-6 as against 5581-2-6 in 1921-22, the charges per head of the population being 0-4-11 as compared with 0-4-10 in the previous year.

II. PRIVATE CONSERVANCY.

The total Receipts and Charges under this head was Rs. 1050-1-0 & Rs. 892-12-4 respectively. The corresponding figures of the previous year were Rs. 994-8-0 and Rs. 1038-0-0. This service has not only paid its way but left a surplus of Rs. 157-4-8 as against a deficit of Rs. 43-8-0 in previous year. 242 houses had latrines attached to them as against 229 in the previous year and were served by the Private Scavenging agency. The per-centage of houses thus served to the total number of houses in the Municipality was 6·15, the previous year's figure being 5·79. In cases of new constructions the Council is insisting on the provision of latrine accommodation.

ENCLOSURE IV E.

(*b*) *Food adulteration, etc:—*

i. All the Hotels in the Municipality are licensed subject to conditions of health and sanitation. Similarly the Dairy produce, Sweetmeat shops and places where floor articles are prepared had been licensed.

ii. The conditions were mostly drafted on the lines of Dr. Turner's book on sanitation and they are strictly enforced. The Medical advise is also taken where necessary.

(c) Dangerous and Offensive trades:—

i. The Dangerous and Offensive trades were licensed subject to such restrictions as were necessary to guard against nuisance having in view the density of population and the convaniences which they afford to the communities concerned. The sale of fish was prohibited in the densest part of the town but allowed elsewhere. The places used for storage and sale of cumbustable materials such as Kerosine oil, Match boxes etc. were also licensed subject to strict conditions of public health and safety. They were inspected periodically.

ii. Annual licenses were granted reserving the right of revoking the same at any time for breach of conditions The conditions were mostly copied from Dr. Turner's book on sanitation. The trades are controlled. The Sanitary Inspector is a qualified man and is looking after them.

(d) Fairs and Festivals.

No Fairs and Festivals of any importance were held or celebrated. The Car Festivals of Vadakaraya Swamy and Sannakoppa which come up every year and are insignificant to require notice. The outsiders that attend them may not be more than 200 in number. Necessary sanitary arrangements were made at the time to prevent the out break of any disease.

ii. No Joint Committees exist except the one referred to in para 5 supra but it is a temporary one. There was no occasion to levy a pilgrim tax.

iii. The temples mentioned are too poor to make any contribution from their funds especially as they derive no income from pilgrims.

iv. The sanitary arrangements made at the two Car Festivals were satisfactory.

33. Water-Supply:—

(*a*). The system of piped or protected Water Supply was not in existence People obtain their supplies from draw-wells whose number is pretty Large.

(*b*). All public wells were improved by providing them with pillies, platform etc.

ENCLOSURE IV F-G.

34. Drainages:—

The Council cannot at present go in for a drainage schome. Their resources are not encouraging. They may not be able to pay regularly the interest due on a loan contracted for the purpose.

iii. Public Health (Miscellaneous).

35. Public Health and safety (Miscellaneous.)

i. The management of the Veterinary Institution was under-taken by Government from 1-4-1923. (1 4 1922)

ii. Nil.

iii. 269 Boys of MUNICIPAL High School were examined by the Senior grade Sub Assistant Surgeon who was in-charge of the Municipal Hospital. A remuneration of Rs. 201-12-0 was paid to him.

36. *Remunerative Enterprises.*

(1) The balance under each item was as follow:—

	Opening balance.	Closing balance.
Ordinary:—	Rs. 7243-11—3	Rs. 10100-8-5
Capital:—	—,, —445—9—6	520-0-8

No portion of them appropriated to general revenue accounts.

37. *Transport.*

There were no Motor-bus services or any other enterprise of the kind.

38. *Markets. Slaughter-houses. Cart-stands. and Tree-Planting.*

Years	Gross ordinary receipts from				
	Markets.	Cart stands	Slaughter-houses.	Tree planting.	Pounds.

1919-20	1711 5 4		827 4 9		
1919-18	1766 8 0		1000 10 11		

(a) *Markets.*

i. There were three Markets one at Hospet with four stalls, the second at Chittwadigi with five stalls and the third is a daily Vegetable Market with plat-form, at Hospet.

ii. The Gross receipts amounted to Rs. 1807-12-11 of which Rs. 188-1-3 was spent in constructing plat-form for the daily Vegetable Market. The balance of Rs. 1619-11-8 appears under the head 'Markets.'

iii. The Market stalls are seldom used. The sellers of things squat on the ground. They seem to prefer it to sitting in the stalls whose basement is rather high. Under the existing circumstances a daily Market constructed after the approved design is not necessary. The town is not big enough for it. Sellers and buyers should find shelter from the sun and rain, with this view it is intended to plant margosa and other shady trees and to build walls which would serve the purpose of a compound. Verandah made of cheap material with plat-forms underneath will answer our present purpose.

iv. There are no private Markets.

ENCLOSURE V-A.

(b) *Cart-stands.*

The Municipality does not own any Cart stands.

31

C. Slaughter Houses:—

i. There were two public Slaughter houses one for sheep and the other for cattle. The income derived during the year from both of them was Rs. 231-4-5, while the expenditure amounted was Rs. 388-2-4 or Rs. 156-13-11 more than the receipts. The deficit was met from the opening balance.

ii. There were no private Slaughter houses.

ENCLOSURE V. B.

39. Tree planting.

No trees were planted. A sum of Rs. 68-15-0 was realised from the usufruct of the existing ones and it is shown as the balance under this account. The Peon working under the Sub Overseer is looking after the avenues.

40. Land development.

(a) Town planning Act

i. A Town Planning Committee is in existence but had no scope for its activities The Town is highly conjested and it is being removed in some parts. After a fair amount of work in this direction is done it will be time for the Council to have the Town surveyed, in order to maintain a cerrect record of the Streets etc. The assistance of the Boy-scouts will be availed of as stated in G. O. No. 1294–M dated 17-9-1920

(b) Steps are being taken to carry out the Civic survey on the line slaid down in G. O. No. 1748–P. H dated 18-12-1922.

iii. A Town extension scheme costing Rs. 35000 has been approved by the Sanitary authorities. Among other things it provides for the improvement of industries. The site selected is to the East of the Town between the Trunk and the Kamalapur roads. People are not willing to build houses there, because it is far away from the Railway Station and and public Offices. There is a tendency to congregate near them. The Railway Station is in the Malarial zone and unless it is removed about a mile to the East that is near to the site selected for the Town extension it will not be worth the while of the Municipality to borrow from Government the required sum. It will prove a dead capital.

v. Building sites are ordinarily disposed of on the aassignment system. Government sites are now being sold by public auction. They fetch good prices. In three cases sites near dwelling houses were allowed to be occupied on the rental system.

(b) Other land Exploitation:—

i. Temporary Licenses for the occupation of roadmargins by erection of pendals etc. were issued without inconvenience to traffic. Un objectionable encroachments on the Railway feeder and the Trunk roads have been surrendered to Government to be assigned away by them on the ground rent system.

ii. There were in all 20 encroachments. In 9 cases the delinquents were prosecuted and in 2 cases warrants were issued for the recovery of the cost of the sites. Notices have been issued in 5 cases. 4 Encroachments were removed Departmentally. The number of encroachments pending removal were 5.

41. There are no pounds under Municipal management.

A sum of Rs. 2179-0-0 being the amount advanced from Municipal funds for the maintenance of the Trunk road during the previous year was received from Government and credited to Revenue account. The closing balance on 31-3-1923 was Rs. 15,579-7-7 as against Rs. 2122-7-6 in the previous year.

*Details.

Ordinary:—	Rs.	11,978—4—0
Capital:—	,,	1,628—3—8
Total	...	13,606—7—8

The total collection charges in the revenue account amounted to Rs. 5301-15-10 as against Rs. 1714-14-11 in the previous year, and this sum represents 17·56 per-cent of the gross revenue receipts.

43. Incidence.

The aggregate demand under all taxes amounted to Rs. 16884-5-2 as against Rs. 17863-10-1 in previous year. The incidence per head of population was Rs. 0-14-2. The total number of houses assessed to tax was 3985 and the total area of land-tax was 1250 acres 78 cents. The corresponding figures for the previous year being 3922 houses, and 1250 acres 78 cents. The incidence of tax per house was Rs. 4-7-10 and that of land per acre Rs. 1-11-0. The corresponding figures for the previous year were Rs. ~~3-12-0~~ per house and Re. 1-11-0 per acre of land. The Presidency averages per house and per acre of land (Figures not available). The incidence of aggregate property tax was Rs. 6-2-10.

The incidence of Profession tax per person assessed was Rs. 4-1-2 as against Rs. 3-14-8 in the previous year. The total number of persons assessed was 814 or 4·43 percentage of the population as against 576 and 3-14 per-cent in the previous year.

44. Demand Collection and Balance.

The total demand for the year was Rs. 30523-13-5 of which Rs. 22692-3-7 was collected leaving a balance of Rs. 6365-11-8 on 31-3-23. Of this sum Rs. 2885-12-3 has since been collected thus reducing the balance to Rs. 3479-15-5. 915 Warrants were issued during the year for the recovery of taxes of which 429 were executed before its close leaving a balance of 486 on 31-3-23. The number of Warrants since executed is 277. In 60 cases distraints were made and the property seized was sold by public auction. 30 Persons were prosecuted for failure to pay the tax due. The balances remaining to be collected are due mostly from the indigent Section of the population and are being collected with much effort.

ENCLOSURE IV-D.

VI-A.—CASH TRANSACTIONS.

The year under report commenced with an opening balance of Rs. 14602-2-9 as against Rs. 19492-9-7 in the previous year. The cash credits and debits amounted to Rs. 73892-2-8 and 62738-14-3 respectively. The year thus closed with a cash balance of Rs. 25755-7-2 or Rs. 11,153-4-5 more than that of the previous year:—

ii. The balances of various accounts were as detailed below:—

Heads.	Ordinary.	Capital.
C. Education.— Elementary ...	Nil	52 0 0
II. Remunerative enterprises ...	10,200 8 5	520 0 8

VI. Loans account ...	Nil	Nil
VII. Deposits and advances account ...	3643 6 2	Nil
VIII. All Accounts Grand Total:—	29,037 3 6	-(3281 12 6)

Thus the net balance:— Rs. 25,755-7-2.

iii. All the taxable sources have been tapped at rates which may be deemed to be some what immodest for a Town of the size of Hospet. Further taxation including that for Elementary Education will be an unwelcome burden at present. No cases of over-drawals from the Treasury occured. The seasons during the last three or four years were disappointing. The condition of the people is none of the best. The trade in the current year is at its lowest ebb.

ENCLOSURE VII-A.

(1) Very great care should be taken in preparing this summary of the comparative annual account.

(2) Mistakes are apt to occur especially in regard to the accounting of appropriations each of which is bound to appear as, or to be included are given for exhibiting appropriations in this summary :—

(i) Where in any section of the Service Account, there is an appropriation to Revenue, i.e., a figure entered against " Deduct appropriatio in column 4 against the Revenue Account.

(ii) In cases where there is an appropriation from the ordinary to the capital section of the Elementary Education or Water supply tion from ordinary to capital in the Remunerative Enterprises Account, it should be shown as a minus entry in column 5 and as a plus ent

(iii) Appropriations from Remunerative Enterprises to Revenue should be shown as a minus entry in column 6 against the Remuner

(iv) Appropriations from Revenue to Service ordinary should be shown as plus entries in column 6 against the Service account concerne

(v) Appropriations from Revenue to Service capital should be shown as plus entries in column 16 against the Service account concerne

(vi) If rarely there is any case of appropriation from Remunerative Enterprise Capital to Revenue, it should be shown as a minus ent

(vii) Care should be taken—especially in the case of the Endowments and contributions, Government grants and Water-supply and Dra

(3) The sum of the figures in columns 9 and 20 should tally with the opening treasury cash balance for the year.

(4) The figure in column 23 against grand total should tally with the actual closing balance in the treasury.

(5) The figures in columns 2 and 12 represent actual cash payments and those in columns 3 and 13 actual cash receipts. It should be nature, receipts from Remunerative Enterprises Endowments and contributions, Government grants and Deposits and advances.

(6) The grand total of the figures in column 10 should be the same as the sum of the figures against grand total in columns 3 to 9; so

C. no. 19405 of 15.9.23

Memo No 19405 dated 15/9/23

The following points are noticed. ~~observed~~ in the administration report of the Hospital & Hlth. for 1922-'23:

(1) In Col. 8 of Encl. III-A. the total no. of boys of school age in all schools within the Mcpl. limits in 1922-23 is given as 406, which is ~~incorrectly low~~ instead of 829. When compared with 823 in 1921-22. The no. of boys shown in Col. 8 shd be the number arrived at by deducting Col. 4 from the total of Cols 2 & 3, viz, 829. The no. of boys of school age provided for will, in consequence, be 2344 - 829 or 1515 or 64.6 p.c. of the estimated no. of boys of school age instead of 1938 & 82.29 % as given in Cols. 9 & 10. Similarly in Encl. III-B, the figures in Cols. 9 & 10 shd be corrected from 1080 & 68.16 % into 1056 & 86.2 % respy.

(2) In Col. 10 of Encl. III-C & III-D the no. of boys & girls on 31.8.1923 in the schools is given as 433 & 173 respy. whereas it was 421 & 168 according to

the total of Cols. 2, 4, 6 & 8 of 10 of Encl. III Ext.

(3) In Encl. IV-B, Cols. 6 & 8 relating to the no. of qualified midwives other than M.C. midwives & the no. of births attended in 1922-23 and previous 7 & 44 respectively by them, ~~they have been~~ left blank, as but according to para 30-(ii) of the report ~~there was no qualified~~ midwives ~~is~~ were ~~the term other than the M.C. midwife.~~ employed.

Cols. 12 & 14 have not been filled in ~~by~~ the

(4) In Col. 12 of Encl. IV-C the death-rate per mille from all causes should have been worked out 5.89 instead of 22.79.

(5) In Encl. VII-J the sum of Rs 2,179 shown in part-D- 'General Financial Position', as appropriation to General revenues from Govt. grants should appear in part-A. under Govt. grants for Services & the actual Communications grant received during the year should be shown in the "Services" acct., viz. Rs 2,179 & not as Rs 2016.

2. The Chairman is requested to Explain the discrepancies in clause (2) before at an early date. The necessary Corrections have been made with ref. to the other Clauses.

Annual report - Municipality - 1922-23 - received.

2366 dtd. 24.10.23

I. Communications

The Council maintains 2¼ miles of trunk roads & 9½ miles of other roads. The taxes under this head yielded Rs 83 CE on account of maintenance. The road condition of previous years was made up by larger Expenditure on roads, their other roads continued to be unsatisfactory. It is quite unsatisfactory to note that the thefts of M.S. lights continue & that the police have not been able to trace the culprits.

Para 2 (iii) (a) of Report. The steps that be taken to remove the encroachments on the trunk road

II. Education.

Para 12 (i) The Council took over the girls' school, making their number two. It maintains 10 boys' schools. Edn. Cess continues to be back ward, the instruction in 65 p.c. of the boys & 86 p.c. of the girls being still provided there was a slight improvement in the attendance of boys, while that of girls declined. The Junior Classes are still overweighted, as many as 76 p.c. of the boys & 78 p.c. of the girls being in I & II classes. The Question of introducing compulsory Edn into the municipality is being examined by the Inspector of Local Boards and Municipalities

3. The Muslim secondary school continued to be the only institution of its kind in the town; VI form was opened in the year with 17 boys in and all of them were sent up for the S.S.L.C Exam. it, last. The total strength rose from 165 to 177 only and it is noteworthy that 42 of these boys came from the backward classes.

Col. 13 Encl. 14-K
& repeat, Nos 19(i)

ib. Col. 15

III Public Health.

4. Public Health during the year under review was very bad, Small-pox was about, last plague & Cholera Claiming 333 & 53 victims respy. The consolation is that anti-malarial work is proving successful, as is evidenced by the decline in the Mortality from fever. The Council should address itself with vigour to the eradication of plague and carry on an intensive campaign against rats especially in the (E) 80-6-23 P.H 8-6-23 quarters where grain trade is carried on. The Council cannot plead lack of funds as its finances are solvent.

Encl. IV. C. Col. 3

(C) (B)

Encl. IV. C, Col. 4 & 2

The Govt. have on more than one occasion commented on the failure of the Muc. Col. inadequately to realise its responsibilities as regards plague preventive measures, and have also asked the Collector to use his Emergency powers under section 37 of the Act, if necessary. If these warnings do not have the desired effect, the Govt. will be compelled to consider the question of the competency of the Council to perform the duties imposed on it by law, and to take the necessary steps for the protection of the health of the citizens.

Submitted that for 1302 P.H 87 4-8-23 in pendency of 588 P.H 87 8-6-23 are put up.

Encl. IV-B, Col. 3

5. Birth-rate declined from 35·4 to 33·2 per mille; Infant mortality showed an appalling increase, being 207 per mille of births against 148 in 1921-22 & 107 in 1920-21. The Municipality employs only one Qualified midwife, the outturn, though better than that of the previous year, was only 168 — a little over 1/4 of the recorded births. The rate of Vaccination improved from 28·5 to 32.8 per mille. The outturn of the vaccinator (599 successes), though an improvement on his last year's work, is inadequate. The Council might take prescribe a minimum of 800 cases per month for the vaccinator.

Encl. IV-D. Col. 9.

cf. col 6.

6. The Municipal hospital gave relief to 87 in-patients & 13,807 out-patients (against 80 & 16,969 respy. in the previous year) of whom 74 in-patients & 420 out patients came from outside the municipality. An operation theatre, financed from provincial grants was completed during the year.

IV. Remunerative Enterprises.

8. The Revenue from Markets & Slaughter-houses declined. The Rehabilitation account closed with a balance of Rs. 60,200. Cap. accts. p. 33
~~& no portion of it was appropriated~~
No action appears to have been taken on the suggestion
~~for general purposes~~ of para 8 of G.O. No. 1932, Lom., dated 13 Oct. 1922 (B)
~~The Court suggested~~ that the closing balance might be made available ~~for the repair of a loan~~ for opening a few Cart-Stands & developing the Municipal market revenue. The matter should receive attention
~~Nothing appears to have been done~~ taken
~~on the Course of the Year.~~

V. ~~Financial Position.~~

9. Collection work was bad, though there was a slight ~~one~~ improvement over the previous year; 21 p.c. of the demand under taxes & 7 p.c. of that under non-tax items remained to be realised. Govt Vl. d. Cls. 4 & 8
The Council continued to be

VI. General.

10. Though only one Election was held, as many as 10 Candidates competed, + 85 p.c. of the Voters took part in the poll. Twenty-one m[eeting]s were held, of which two were adjourned for want of quorum. Attendance at meetings improved, 71 p.c. of the members being present on an average.

Copies distributed on 12-11-23 ‡(Press Despatcher).

‡ *To be initialled and dated.*

INSTRUCTIONS FOR THE SECRETARIAT.

(*a*) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(*b*) Each letter, memorandum, or order or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(*b*1) For rules regarding printing of notes, see rule 315 of the office Manual.

(*c*) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(*d*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*e*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
